

BRIEF MENTION

R. M. Young will sell household goods on the farm of Alpheus Bensley one mile below Dingmans Ferry Monday, April 25, at 2 p. m.

Frank W. Cross was in New York on business last Friday and Saturday.

J. H. Van Etten made a business trip to New York last week.

P. N. Bourneque generously contributed his salary as Burgess for the year to the Milford Fire Department.

These days it is a poor state in food and greatly behind the times which does not have an investigating committee to show up the corruption and bribery of its officials, and legislators. If it cannot have that at least it can uncover the disgraceful orgies which have been indulged in by its presumably respected representatives. This work should not be halted until the people are fully informed as to the character of the men who have been representing them.

Hotel Fauchere is open for the season.

Mr. Reiman and wife of New York, who are summer guests here, recently spent a few days in town.

Attention is called on another page to a new business enterprise in town, a hand laundry, which will be conducted by Patrick White. He promises satisfaction in his line of work and invites the public to give him a trial.

Wells Fargo Express has established an office in Milford and packages will be carried by the Auto line. The office will be in the store of F. W. Cross.

The Autos of the Milford line will begin making trips to Port Jervis tomorrow and the company declares its intention to run cars the entire year. This will be a great accommodation to passengers who may thus travel with much more comfort. It also shows marked enterprise on the part of the company, and no doubt increased patronage will prove the wisdom of the effort.

Rumor says the Erie has made a traffic arrangement with the projected trolley road between Honesdale and Hawley and that many of the passengers and much of the freight between those places will be carried by it. So if enterprise was shown here to build a road to Port Jervis no doubt the Erie would aid materially in making it profitable.

The moon lies far North which the weather wise say indicates a cold month.

J. B. Williams Esq. of Stroudsburg and Hon. John A. Kipp, who were largely instrumental in having the late Professor J. F. Dooley of Waymout locate at Newfoundland, were among his first students. Professor Dooley was an excellent, pains taking teacher and a large number of men and women who were educated by him attest the worth of his character and his efficiency as an instructor. A community suffers at most irreparable loss in the death of such a man.

A crowd from here attended a glove fight in Port Jervis Tuesday night.

If you get up about 4:30 a. m. you may see Halley's comet low in the East. It is increasing in brightness.

A lady in a Carbondale church choir reaching for a high note brot the chancelier feather in her hat too close to a gas jet. She coolly took off her hat and had it carried out doors to burn.

A large glass cutting firm has bot land at Deposit, N. Y., and will move its plant from Honesdale P. to that place.

The Attorney General decides that Judge Seale will hold his office for two years.

Troat season opens today. The recent cold weather has frozen up the worms and flies and they may be hungry enough to bite.

Floyd Bevan has removed from Hickory Grove Hotel to a farm in Montague, N. J.

C. Fred Wright of Susquehanna has been appointed by Governor Stuart State Treasurer in place of Jeremiah Stuber dead, who was elected. The courts will pass in the question whether John O. Sheatz present incumbent holds out.

So far as we have noticed no paper has announced yet that the peach buds are killed. Is this an oversight? Surveyor John L. Westbrook of Stroudsburg was in town Wednesday.

F. P. Kinable Esq. and W. B. Holmes of Honesdale visited here a day this week.

Oliver, a daughter of J. B. Hamilton of Port Jervis was run over and killed by a trolley car in that city last Monday afternoon. She was aged about 5 years and was playing near the tracks and ran under the wheels.

Robins are killed and sold in Tennessee at ten cents a dozen. They gather in the cedars to roost and are caught at night. One hunter got 377 birds in one tree, and it is estimated that at least 150,000 have been caught there in the past few weeks.

It is decided in this state that the word chauffeur in the act of 1909 means the servant of the owner of a motor vehicle fitted to drive and attend the car, and does not include operators other than employees for hire.

James Humbert of New York is spending two weeks with his parents near town.

Pierre M. Niles of Bushkill was a visitor in town Tuesday.

Mrs. Peter Girard of Brooklyn is spending the week with her mother Mrs. Berthoud.

Roswell Palmer has entered the employ of the Milford Auto Co.

Marriage licenses have been granted to B. F. Mesher and Lottie Piggory both of Putnam and to Lewis W. Lueker of Matamoras and Catharine Adler of N. Y. City.

Leopold Fourth who was considered as a probable candidate for Senator from Wayne has taken down his flag, because of the claims of Monroe county which would likely make an expensive contest. He will try for representative.

Harvey Hoffman Esq. of Monroe county is a full fledged candidate for Senator from this district. He is about as good as any democrat who could be named.

Born April 7th to Edward Bersel and wife of Shohola a daughter.

A wild jamboree held by several members of the Honsa in New Jersey at the adjournment last week has created a sensation in that state and an investigation is demanded. The Governor is indignant and other members want to be exonerated from suspicion. It is a mighty low state these days which don't have some sort of a scandal.

Gifford Pinchot met Roosevelt this week and by agreement both are silent as to the topic of conversation. It was proper because of Mr. Pinchot's former relations with the ex-President that he should meet and welcome him on his return, and it was also proper that he should acquaint him with the situation which has arisen. Both are ex, and as such their opportunity for action is past for the present, and it would be natural for them to discuss not only what has but what may transpire.

The spraying demonstration on the stump farm near town last Friday, made by the state, was fairly well attended and those present were gratified at the success of the operation and the instruction gained in methods of preserving fruit trees from the ravages of pests. At the close Mr. Stumpf kindly entertained all his guests.

George Herbert of Lackawaxen visited Milford Tuesday.

A. Beucher and wife of Newark last Thursday celebrated their silver wedding surrounded by their children and friends. Jacob Fromme Esq. of New York acted as toastmaster in the occasion which was a joyful one for all present. Saturday morning in company with Frank Haney and wife who acted in the capacity of bridegroom and bridesmaid, they came to Milford for the honeymoon and were guests at the Inn, departing Sunday. They are well known summer guests here and have the warmest wishes of many friends that they may live to round out all the anniversaries up to diamond and even beyond.

Margaret C. Nyce of Stroudsburg was a recent guest with her sister Mrs. J. C. Bull.

E. S. Wolfe has gone to Michigan to visit his brother Charles, who is quite ill.

Don't forget the minstrel show to be held in Brown's Hall, April 21st, for the benefit of Milford Base Ball Club. Admission 35c. Reserved Seats 50c.

At a meeting of the Democratic State Committee held last week it was decided to have voters at the June primary designate their choice for Governor. This is practically instructing delegates to the State convention which will be held at Allentown June 15th.

It was also resolved to raise campaign funds by popular subscription. H. L. Davenport of Conashaugh was in town this week and in much better health than formerly.

Patricia White of Brooklyn N. Y. will soon open a hand laundry on Ninth Street.

W. S. Janett living near Philadelphia died this week of hydrophobia caused by the bite of a pet dog nine months ago. The wound, which was a very slight one, healed and the event was forgotten, until some ten days since when he went for a bucket of water and attempting to drink was seized with a spasm. They grew worse until his death. It is supposed the dog had been bitten by one with rabies.

Dr. Wiley says nine months is long enough to keep any article of food in cold storage. They should not be kept so as to interfere with next season's crop.

It may not be very material but Monroe county will have the honor of having a candidate for Congress and also State Senator. It is reported that W. R. Butler of Carbondale may take the Republican nomination for Senator, unless Wayne presents a more available candidate. So far no one from Pike or Monroe seems to aspire to the place.

A party who climbed Mt McKinley declares no evidence was found that the peak had ever before been visited. The flag and records which Dr. Cook alleged he placed on the peak were not found, and now Cook may rank with any dozen of the Annanias tribe.

The present census will cost the government sixteen million dollars. It is estimated there are now about ninety million inhabitants in this country, so any pupil can figure out the cost per capita.

Matamoras is to have a light, heat and power company—but why did it not include Milford in its territory.

Mrs. Mayne and family of New York were in town yesterday arranging for burial of the remains of C. Mayo whose body has been in the receiving vault of Milford Cemetery.

P. D. Briscoe of Milton, N. Y. a former resident is visiting friends in this vicinity.

Mrs. Struthers and daughter Effie took an excursion last week to Washington, D. C.

Standard Asphalt road oil is said to be one of the best products to ally dust. It penetrates the soil and acts as a binder. A car load costing about \$200 would go far towards fixing our main streets for the summer. This preparation is practically odorless.

All having rural delivery mail boxes should, by request of the government, paint them white with the owners name in large black letters.

No civil cases are listed for trial at the May term of Monroe county courts, and the criminal calendar is light.

The Milford Auto Company has received its second new RED car.

Frank Schorr has been for several days employed surveying near Big Pond in Blooming Grove. The recent purchaser of a body of land there is purposing to build a number of bungalows for renting to summer guests.

The license money has been apportioned as follows: Delaware \$180, Digman \$120, Lackawaxen \$360, Lehman \$120, Matamoras \$480, Milford Borough \$960, township \$120, Shohola \$180, Westfall \$120.

Mrs. J. deC. Van Etten and son and her mother of Tuckahoe, N. Y., Mrs. Seaman, are guests in town.

The varying fortunes of base ball here now seem to be looking up and there is some prospect that 2 games a week will be played during the season.

Nicholas Ruster a well known citizen of Stroudsburg died last Wednesday aged 81 years. He was born in Germany and came to this country when 24 years old.

The Pennsylvania Fish Protective Association is offering prizes to its members. First for the largest wild trout caught on a fly; second for the largest caught on bait by any member; third the largest bass either on fly or bait.

A barn 40x50 on the Joseph Bensley farm near Egypt Mills, occupied by Levi Ladies was burned with its contents last Thursday morning. The origin of the fire is not known.

New Jersey has a marriage license law which becomes effective July 1. A license can be obtained of the town clerk or assessor and will cost \$1.

Bonny Mead Cottage at Craigs Meadows, owned by G. W. Hanley of Brooklyn was burned last Sunday afternoon. Much valuable furniture many paintings and tapestries were destroyed. The fire is presumed to have had its origin from sparks from a fire in the fire place.

The census man begins work today. Answer all questions accurately and promptly.

About \$8,000 has been raised for advertising Monroe county resorts. The advertising is done as a whole and each subscriber receives the benefit of the money paid by others. This seems a better way than for every man to go it on his own hook. It has been tried in Monroe for several years and proven most satisfactory. Of course we all know that Milford is so much better than that Monroe county that no such advertising is necessary here. But then you probably could not convince the people down there that they are wasting their money.

Real Estate Transfers

Joseph H. Vogt to John Vogt Jr., land in Shohola.

Minnie Boroekie to Louise F. Phillips, 2 acres Lackawaxen

Martha Dinamore to Arthur S. Gladwell, 34 acres, Shohola.

Richard Vaughan to Harry E. Purdy, lots 933, 935, 937, Matamoras, \$275.

Worse Than Bullets.

Bullets have often caused less suffering to soldiers than the excreta of W. Harriman, Burlington, Me., got in the army, and suffered with, forty years. "But Buckle's Arnica Salve cured me when all else failed," he writes. Greatest healer for Sores, Ulcers, Boils, Burns, Cuts, Wounds, Bruises and Piles. 25c at All Drug-gists.

Corn-Growing Contest.

The Pennsylvania Livestock Breeders' Association announces prizes for its Corn Growing Competition this year. Valuable cups and cash prizes are awarded to the farmers who produce the best yields. Yield counts 70 points, economy of production 20 points, sample of corn 5 points, and report 5 points. Blanks for report are furnished by the association. No entrance or other fees. One acre must be planted and it may be a part of a field of corn. The men who win these prizes will have a mighty good market for their crop, as farmers are looking for the corn that yields the most. Last year's first prize went to Crawford county, in the northwestern part of the state. For full particulars apply to E. S. Bayard, Secretary, East End Pittsburg, Pa.

ALLEN NURSERY CO., Rochester, N. Y.

Hol The Trolley

Recently some men from Albany, N. Y. were through this valley, who are reported to be interested in building a trolley line from Kingston N. Y. to Portland. There were surveys made last summer and those who went over the route made careful examinations of the stakes which had been driven. They declared the road would be built and now we hope the talk will crystallize into deeds. Please gentlemen don't raise our expectations and then d. them to the ground.

Hand Laundry.

Patrick White has opened a hand laundry on Ninth St. in Milford, and all work in his line will be promptly and neatly done. Goods will be called for and delivered. Telephone.

NOTES FROM SANDYSTON

John Major whose condition was so much improved that he walked to the P. O. is much worse and is again confined to the house.

Nelson Depue and son are extensively engaged in the raising of chickens.

They now have 1,200 chicks and 1,800 eggs in the incubators.

Norman Bensley moved from the farm of Bevan brothers, on Saturday last, to the farm of Mrs. Mary Rice or.

The George Warner horse was purchased by Charles Bensley, and immediately put in the team. The horse is vicious, and no one is safe near him, but if any one can train him in the way he should, it is Charles.

About three years ago the Layton school, under the management of the teacher Miss Vogman, raised twenty dollars for a school library and the library books reached Layton the past week, a specimen of neglect and red tape.

It is said to be a sure thing that the road from Tuttle's Corner to Lester T. Smith's store in Layton will be macadamized in the early summer. Then what is the use of putting nearly one hundred dollars of work on this road, and actually making the road worse.

Hiram C. Snook recently purchased an auto-wagon that will carry four or more persons and one day last week he came to Layton handling the machine like a veteran chauffeur.

It would seem that our Committee of the Board of Freeholders are lacking in courtesy.

At a recent meeting of this Committee for selling a bridge, they returned the bid of O. J. Little, unopened, and yet his bid was over \$300 less than that of his competitor. Looks kind-a-funny don't it?

Many improvements will be made in the building on the "Strube Stoll" farm at Bevans. The purchaser intends changing the interior of the dwelling, convert the hog pen into a garage and build a fish pond in the rear of the house.

The N. J. Legislature adjourned last week and the "awa-ra" they had on that evening was a disgrace to the State. The voter should see to it that those members be elected next time to stay at home! Local option got lost in the rustle.

Members of the Layton Grange held a frolic on their grounds on Saturday last to level off their grounds, as they intend adding an extension of 14 feet the entire length of the building. It will require another frolic to complete the job.

There has not been so much demand for carpenters and paper hangers as there is this spring. If all work intended to be done, is done at all, mechanics from elsewhere will have to be secured.

CHARTER NOTICE

Notice is hereby given that an application will be made to the Governor of the State of Pennsylvania on Monday, the sixth day of May A. D. 1910, by Thomas Watts, David H. Thomas, William A. Parrshall, Herbert Senger and David R. Thomas, under the Act of Assembly of the Commonwealth of Pennsylvania, entitled "An Act to provide for the Incorporation and Regulation of certain Corporations," approved April 29, 1907, and the supplements thereto, for the charter of an intended corporation to be called, "PIKE COUNTY LIGHT AND POWER COMPANY," the character and object of which is the supply of light, heat and power, or any of them, by means of gas, electricity, steam or otherwise, to the public in the Borough of Matamoras, township of Westfall, county of Pike and state of Pennsylvania, and to such persons, partnerships and corporations residing therein, or adjacent thereto, not extending beyond the limits of said county of Pike, as may desire the same, and for these purposes to have and possess and enjoy all the rights, benefits and privileges of the said Act of Assembly and its supplements.

Milford Pa. HARRY T. BAKER, Solicitor.

FORGIVEN

I never wish to see your face,
Hence from my sight away!
You've crushed the hopes that for long years
I've cherished day by day.
From your cradle I had planned
Your future, wealth and power,
You've blighted all my fondest dreams,
I disown you from this hour.

The old man shook his palsied hand
As he tottered to the door
And almost cursed his only child;
"Father I implore
Turn not upon me in your wrath,
I beg on bended knee
Though I have erred you will forgive
As forgiven you would be."

The father from his pleading child
He turned in hate and scorn,
And muttered low between his teeth
"Would that you were never born."
A shriek—She swooned. The father paled;
He thought his child was dead.
"Oh mercy heaven! Yes I forgive"
In agony he said.

What was her crime? Her mother's crime
That twenty years before,
She wed against her parents' wish
For love and nothing more,
And now the child had done the same.
The father stooped down to caress
Her prostrate form. His tears they came
Upon her bloodless face.

The quivering eyelids told of life,
Thank God, she breathes, she lives.
The father trembled like a leaf,
"The child who now forgives
And asks a blessing for herself
And husband. Gratefully
The old man lifts his eyes to heaven—
God's blessing upon all three.

CENTIA A. CULLEN.

Points Regarding the Census

The census begins April 15th and must be completed in thirty days.

The enumerators will wear a badge inscribed "United States Census, 1910."

The law requires every adult person to furnish the prescribed information, but also provides that it shall be treated confidentially, so that no injury can come to any person from answering the questions.

The Census Bureau, prior to April 15, will distribute to every farm owner and tenant in this state a blank or schedule containing the Census questions relative to farm operations and equipment. This should be filled up, if possible, not later than the morning of April 15, but if anyone has been unable to fill it up by that time, he should do it as soon afterwards as he can.

People who do not speak English or who do not understand the schedule completely should get help from others, if possible, in filling it up.

The President has issued a proclamation, calling on all citizens to cooperate with the Census and assuring them that it has nothing to do with taxation, army or jury service, compulsory school attendance, regulation of immigration, or enforcement of any law, and that no one can be injured by answering the inquiries.

It is of the utmost importance that the farm census of this state be complete and correct.

Therefore every farm owner and tenant should promptly, fully and accurately fill up the "Advance Farm Schedule" and carefully preserve it for the enumerator when he calls.

Early Risers

Birds get up early in the morning, and they retire early or they could not do it. The blackbird is the last to go to bed; the robin is awake and singing at half past two. Fifteen minutes later the thrush begins; and one after another the feathered troubadours start in, until at four all are at it. At five-thirty it is time for breakfast; and the early wrens has to pay one of the numerous bills presented to the silent wigglers of the lawn.

The Demon Of The Air

It is the germ of LaGrippe, that, breathed in, brings suffering to thousands. Its after effects are weakness, nervousness, lack of appetite, fever and ambition, with disordered liver and kidneys. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of Stomach, Liver and Kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore health and good spirits after an attack of Grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by All Druggists.
